CHIANG-KAI SHEK AND THE C.P.

POINTED QUESTIONS BY CHANGSHA "REDS."

CHIANG PROTESTING HIS INNOCENCE.

A significant letter by General Chiang Kai Shek to the Central Executive Committee of the Kuomintang at Hankow, is translated from the *China Times* of March 27th and reads as follows:—
The following telegram has reached me from the Kuomintang branch in Changsha:

"There are a few questions to which we wish to obtain satisfactory answers. In the first place, according to what was decided, Mr. Wang Ching Wei was to be welcomed back, and take up his old position, while the capital was to be moved to Wuhan, but Mr. Wang has not returned, and Mr. Tan Yen Kai, another chairman, has been detained at Nanchang. What is the reason?"

"Next, we wish to know whether it was at your order that Tai Tien Chou and Wu Tieh Ching went to Japan."

"We have, furthermore, heard that Chang Tso Lin has laid a bait for you, promising to make you vice-President as well as Governor of seven provinces, and as we are not in a position to find out the truth, we appeal to you to enlighten us on the subject."

"Chang Ching Kiang, who had stealthily taken all the power of the Party into his hands, has done unreasonable things, insomuch that his dismissal has been called for, but he is still retained in the Party."

"Huang Fu and Wang Ching Ting have always been under the employ of the Northern militarists and connected with the Imperialists; therefore, their actions have long since been against the principles of the Kuomintang, but we hear that you are about to place them in positions in the Government. These things are of great concern to the Party and the country."

"Since you try to live up to the spirit of our President, and are the leader of the Northern punitive expedition, the whole country's hope is in you; therefore, we hope that you will put into practice what you have often said."

Frank Inquiry Welcomed.
This letter is a pleasure to me, in a way, for I recognize how much better is this frank inquiry to the silent suspicions. I cannot help collecting the conflicts with the Party, which arose out of accumulated suspicions, these being influenced by rumours. Had they acted at the outset like our fellow members in Changsha, all doubts would have been cast to the four winds. Concerning Wang Ching Wei's resumption of office, I was the only one, who insisted most that he should return. We have sent him many telegrams, and we now hear that he has set a date for returning. As to his reason for delay in coming back, he will explain when he arrives. I cannot make any conjecture. Concerning Tan Yen Kai, he has reached Hupoh with the other chairman of the Central Executive Committee, therefore, I need not say more.

It has come to my notice that posters bearing an inscription as "Let us rejoice, for General Chiang has given back the Central Kuomintang Headquarters and the National Government to us" implying that these two organs have

been under the power, and that I have hindered their progress, have been evident in Wuhan. I never knew that such lies would be taken in earnest. I hope that those who are in doubt will inquire of Mr. Tan Yen Kai and the other fellow-members, and if I have really done it, I am willing to stand a trial, but if it is otherwise, I hope that the Central Headquarters will explain clearly about me, so that we may not be victims of mischief-makers.

Alleged Japanese Alliance.

Tai Tien Chou's departure for Japan had been decided by Central Headquarters at a political conference in Canton, Wu Tieh Ching's departure, however, was his own business, it had nothing to do with me. Our Changsha compatriots love the Party so much, that they are a bit too worried, thus hearing of the rumour about my allying myself with Japan and going against Soviet Russia, they inquire from me, providing me with an opportunity to express myself. I have always believed in the concentration of a foreign policy, therefore, I know that it should be under the leadership of the Party. No matter what country, that which has nothing to do with imperialism is considered a friend; while the reverse is considered an enemy. Who am I that should dare to add or subtract anything from it? During the second year of the Republic, when the Revolutionists failed, it was published in Yuan Shih Kai's newspaper that Japan had conferred a peerage upon our President, but when one thinks of it now, one is apt to laugh at the absurdity of the thing. This method is again repeated in that—

"I have come to an agreement with Fengtien, being promised a vice-presidency and the governorship of seven provinces. Now that I am still alive, there are such slanders about me, what more can I say! Our warriors are fighting their hardest against the enemy, but if they hear of what is said about them, they will be much discouraged, and the national movement will fail. If the people at the front cannot be led, the responsibility will fall on those in the rear, therefore, I hope that our compatriots will investigate a little more for the sake of our Party and our country."

Concerning Chang Ching Kiang's seizure of all the power of the Party, there is absolutely no ground for saying so, for he was elected acting chairman by the Central Executive Committee. Even if he were not elected, he would still have a say in the Committee, being an inspector of the Committee. Thus we cannot dismiss him because of a little clamour. Our fellow-members in Changsha must have misunderstood. As I have not seen Wang Ching Ting, there is no need for me to reply, while I have already dealt at length with Huang Fu in my letter to our fellow members in Whampoa. What I have said is not only an answer to my fellow-members in Changsha, but also a wish that the Central Headquarters would look into the facts of my life, and give me, as well as them, a just reply.—*North China Daily News.*

HOW TO USE

Wet a piece of cloth (or muslin for preference) in water. Wring it out until it is just damp.

Pour on the damp cloth a small quantity of O-Cedar Polish.

Go over the surface to be cleaned and polished with a dry cloth—slight rubbing will quickly produce a hard dry lustre, which is neither gummy nor sticky.

"A Hint Worth Knowing."

Instead of letting your boy do his daily dusting with a Dry Duster, just have him sprinkle a few drops of O-Cedar Polish on to a damp duster. By dusting this way you will collect the dust and polish your furniture at the same time.

TWO COLLEGE SPEECH DAYS.

ST. STEPHEN'S COLLEGE.

BUILDING FUND MAKING PROGRESS

SPEECH DAY ON SATURDAY.

A high percentage of examination success and the steady progress of the New Building Fund—despite the trade depression—were reported at the St. Stephen's College prize distribution in the Great Hall of the University on Saturday. The Chairman was Dr. S. W. Tso, and a large number of parents and friends were present.

There was a very entertaining concert, after which the Chairman addressed the gathering as follows: "As one of the Founders of this school I am asked to speak a few words on this Annual Founders' Day. It was in March 1903 that St. Stephen's College was started. The gentlemen who approached Bishop Hoare and the Church Missionary Society, with a view to starting a school in Hong Kong on public-school lines, were Sir Ho Koi, C.M.G., Sir Bosham Wei Yui, C.M.G., the Hon. Mr. Chau Siu Kei, Mr. Lai Kwei Pui and others. The first Wardens were Archdeacon Banister and Barnett.

I trust the students will ever remember these names, and that the Old Boys will ever rally round the Old School to sustain its traditions and the distinctive contribution which it makes to the education of Chinese students from Hong Kong and many parts of China. It gives me confidence in the school to find the boarding department full to overflowing; and such men on the College Council as Sir H. Pollock, Messrs. Patenden and P. Lauder, supported now by three Old Boys, Messrs. Li Hoi Tung, Chairman of the Tung Wa Hospital, T. N. Chau M.A., Barrister, and K. L. Chau, M.A. of the Education Department.

The Year's Report. The Rev. E. W. L. Martin, Acting Warden, in his report stated: "The year has passed quietly. We have as usual about 150 students and over fifty students and staff reside at our Pokfulam House. The Warden of the College Rev. W. H. Hewitt, B.D., M.A., was compelled to return to England owing to ill-health in October. The Chinese School has been re-organised, and much enthusiasm is shown for Chinese studies, special prizes being kindly given by Hon. Sir Shou Son Chow and Hon. Dr. R. H. Kotewall, C.M.G. In the recent University Matriculation Examination every student of St. Stephen's who sat for Chinese passed. In the Junior Local Examination passed out twenty Chinese one attaining distinction marks (over 80 per cent.). In English subjects distinctions were awarded to our students both in Arithmetic and in Trigonometry. Three of our boys are now at Oxford, two more are going; and one to Cambridge.

The "New Spirit" At Its Best. The free Night-school for poor boys has been carried on by our students with unremitting zeal. At the same time interest in Sports, particularly Tennis, Swimming, Football and Athletics has been sustained.

The students raised \$5,500 by their bazaar. The new spirit in China is expressed by our students in keenness and concentration on their studies, making a real bond of friendship between staff and students, and a strong sense of esprit de corps in the school.

In spite of depression in business, over \$100,000 has been actually paid into the New Building Fund in voluntary subscriptions. On this, congratulations are certainly due to the Old Boys' Committee and the College Council.

UNIVERSITY VICE-CHANCELLOR'S SPEECH. Mr. W. W. Hornell, C.I.E., Vice-Chancellor of the Hong Kong University, then gave an address in the course of which he said:

The outstanding feature of the last few years in China has been in the movement of the realm of reason, as was the renaissance of Europe which closed the middle ages and opened the modern age. But the renaissance in Europe not only produced scholars, it had also its famous scholars. There was one Vittorino who made himself a beggar for the love of youth. Vittorino's ideal of education was to maintain a happy equilibrium between the spiritual and the physical. La Gioconda, the house in which he taught in Mantua, purged of luxury, lay in a pleasant garden and the life of the pupils was interwoven with the daily miracles of meadow and river, and little hills and shaded walks. They went a-planning too in the green places of Goto. All forms of bodily exercise making for gracious and dignified motions—riding, swimming, fencing—were inextricably part of the course. As for the life intellectual, Latin classics seemed good to him, read eagerly, as live matters, not pedantically, though with no poetry, oratory, Roman history and the ethics of stoicism. Greek also he gave—Plutarch, Plato, Aristophanes, Aeschylus; some mathematics and geometry were taught, the

elements of astronomy, and natural history as it was known. Recitation and reading aloud were much practised in the love of good speaking and the grace of address. Each pupil was considered in himself, not forced in any way. Philosophy was taught to a select few. All went to Mass in the Duomo, for Vittorino's ideal was not so unlike that of Walter Pater's, in his sense of the need of lovely rhythm and ritual and the triumphal Pantheistic beauty of "aesthetics" (that system of physical training which led to the perfect symmetry and beauty of the Greek athlete)."

Sir Rabindra Nath Tagore's Great Example. When I was in Bengal I saw the rise of a violent national movement. This movement has borne fruit—some good, some bad. One of its fruits was the establishment by Sir Rabindra Nath Tagore in Bolpur of his famous school—the "Santi Niketan" or the Abode of Peace. Sir Michael Sadler visited the "Santi Niketan" when he was in Bengal as a member of the Calcutta University Commission, and the following is an extract from the Commission's Report: "It is a boarding school for boys; situated in a rolling upland in open country, and combining in its course of training and methods of discipline Indian tradition with ideas from the West. With regard to the general work of the school it must suffice to say that it is no small privilege for boys to receive lessons in their vernacular from one of the most accomplished and celebrated writers of the age. No one who has seen the poet sitting bareheaded in a long robe in an open verandah of a low-roofed house—the wide hedgeless fields stretching to the distant horizon—beyond which a carpet of little boys, each on his carpet, in a circle before him on the ground, can ever forget the impression, or be insensible to the service which Sir Rabindra Nath Tagore renders to his country by offering to the younger generation the best that he has to give."

Work For Others—Not Agitation. The partition of Bengal in 1905 had stirred the Bengalees to their depths. Young men of good families became agitators and roamed the country, raising disturbances and burning foreign cloth. One such young man fell under the influence of Sir Rabindra Nath Tagore who took him to the peace of Bolpur and bade him work for others. Some years afterwards the young man came to see me in London, whither he had been sent for some special training as a teacher. He told me how Sir Rabindra Nath had come to him and told him that he and his fellow trouble-makers had started on a road that could lead them nowhere but to ruin. For hatred and strife can effect nothing but destruction. It was only by love and devotion that he could be of any service either to his country or to mankind.

Grow Up Chinese Gentlemen. Standing in this hall I have already quoted Cardinal Newman as having written that "it was almost the definition of a gentleman that he was one who never inflicts pain." You boys of St. Stephen's College come from leading Chinese families and I appeal to you with all the force that I can command to hold fast to all that is best in the traditions of your race, and so to grow up Chinese gentlemen in the widest and best sense of that much abused term.

There is no short cut to greatness, either in an individual or a nation. Discipline, self-restraint, self-sacrifice may seem in youth dull, negative qualities, but without the practice of these no sound character was ever built up.

The Master said "What is governing to him who can rule himself? Who cannot rule himself, how should he rule others?" And again, the Master said "Could you govern for a hundred years, cruelly would he overcome, putting to death an end."

Thanks To Mr. Hornell. A vote of thanks to Mr. Hornell for his presence, his inspiring address and for permission to hold the concert and prize-giving in the Great Hall was proposed by Mr. W. L. Patenden and heartily carried.

The Chairman was also thanked by Mr. T. N. Chau.

The Concert. The following contributed to the programme of music and other entertainment: Mr. H. C. Yau (Chinese music); Miss H. Suth (recitation); Mr. T. H. Lim (violin solo); Miss Chau (Chinese songs); Mr. Wong Wei ("Fireflies"); Mr. Yau (Chinese song); Messrs. Sands and Wittenbach and Dr. Y. S. Wan (a sketch).

A Presentation. Professor Lai Tsai Hio (Hon. Lam), Professor of Chinese at the University, was the recipient of a silver cup from the students of St. Stephen's and of a framed testimonial from the College Council.

Mr. Au Kwong, Senior Prefect, made the presentation on behalf of the students.

STEADY PROGRESS MAINTAINED.

A review of the School's examinations, Sports and discipline was given by Mr. Dixon Chan, the Principal, at the annual prize distribution on Saturday of the Docks in English School. The function took place in the auditorium of the Chinese Y.M.C.A.

The prizes were distributed by Professor C. A. Middleton Smith, of the Hong Kong University, who was afterwards presented with a framed picture.

The proceedings opened with an address in Chinese by the Chairman, Mr. K. K. Wing, B.A., after which Mr. Dixon Chan, the Principal of the school, read the report for 1926 from which we give the following extracts:

Annual Report.

The past year was a period of re-organisation after the heavy losses of the previous year, due to the strike in 1925 which caused a drop in the number of boys. The school would no longer have been in existence, had it not been for some benefactors and zealous educationalists who were, so kind as to lend a helping hand to the school.

History.

The school was started on September 3rd, 1923, at No. 8, Lower Mosque Terrace, Cause Road, so it is quite in its infancy. During the first term the number of boys was about half a hundred. We occupied at first one flat only but owing to the gradual increase of applicants we took the whole building in March, 1924. We kept up a good number, approaching the figure 150 during the course of that year. But in April the next year, the collapse of the retaining wall in front of the school compound, necessitated our removal. Fortunately, we secured a suitable building in the neighbourhood, and shifted over by May 1st, 1925 to No. 80, Upper Peel Street. The classrooms, six in number, are very well lighted and airy. Unexpectedly, the strike came at the end of June in the same year and we were obliged to suspend work and declare summer vacation three weeks earlier. We re-opened early in August, and to our surprise we found only about 30 per cent. of the total number on the roll. We continued to have less than one hundred boys until 1926 when the number of our boys increased gradually.

Attendance and Work.

The school met 225 times during the year. The maximum enrolment was 91 and the average daily attendance 72.3. Since February last, we have admitted over fifty new boys. There are now nominally nine classes including a Commercial class. We started a Matriculation class at the beginning of this year, and there are now ten boys attending.

We have a staff of six full-time and three part-time teachers, all of whom have done their best to bring the year's work to a successful issue. There has been little change in the staff during the year and I wish to thank them for their constant and hearty co-operation. We lay much stress on Commercial knowledge and Typewriting. Notwithstanding the cost, we have procured more than half a dozen up-to-date typewriters and many boys have been able to type well after a three months' course. Our annual examination took place in December last. The results of all classes were quite satisfactory. Our success in the Junior Local Examination last year was marvellous. We presented four candidates, and obtained 75 per cent. passes.

Sports.

Owing to the lack of a playground we regret that we could not give much attention to physical culture. However, we formed a football team, and matches with other private schools had been played with success. Swimming parties had also occasionally been formed.

Discipline.

Discipline is maintained in a very strict manner, and no serious offences have been reported. Boys, on the whole, have been painstaking and diligent. In conclusion, I beg to extend, on behalf of the school, my sincerest thanks to Pro. Smith for having so kindly consented to present the prizes and to all of you, ladies and gentlemen, for your kind presence. Professor Middleton Smith gave away the prizes to the successful students after which he delivered an interesting address about engineering and other developments during the last fifteen years.

examination. Certain courses were open in the event of a debtor applying for discharge from bankruptcy. ABSCONDERS WARRANT ISSUED.

With regard to the affairs of Pan Lok Chuen, of Chik Wah Co., the Official Receiver said that a warrant had been issued for the missing partner's arrest but nothing had so far eventuated. The partner who was publicly examined at the last Court had also gone away. He did not apply for a warrant in this case, said the Official Receiver, but for closing the public examination in order that adjudication could be made.

This was granted.
THE YEE CHEUNG LOONG FIRM.

Mr. G. G. N. Tinson, for petitioning creditor, applied in respect of the Yee Cheung Loong firm for a receiving order, stating that the trustee in bankruptcy of the Wing Hing Bank had lodged a petition against the Yee Cheung Loong in January last. Since an affidavit in support of the petition had been filed it had been ascertained that of the assets claimed \$650 were in the hands of Mr. Seth as Receiver in an Original Jurisdiction action.

After the service of the petition, notice had been given by the Official Receiver to Mr. Seth informing him of the filing of the petition and of the act of bankruptcy. Subsequently, an application was taken out in another action against the same judgment debtor, the Yee Cheung Loong firm, that this sum should be paid out to judgment creditors of that action. An order in accordance with this was made, in spite of the fact that he (Mr. Tinson) who had informed the Official Receiver of the position was not present, neither, he believed, was the Official Receiver.

Such an order must be bad, claimed Mr. Tinson, as it was made at a time when there was an available act of bankruptcy and execution had not been completed.

Mr. Tinson also referred to payment of \$1,200 a sum which had been passed by the Registrar in connection with the Original Jurisdiction action costs and he claimed that this, with the other sum, should constitute assets sufficient to justify the making of a receiving order.

His Honour, however, disallowed the application.

OFFICIAL NOTICES.

The Gazette announces that a third and final dividends in intended to be declared in the matter of Fred Northington, engineer, 60, Whitfield, Hong Kong. Creditors who have not proved their debts by May 1st will be excluded.

Notice is also given of the adjudication into bankruptcy of the Shun Loong Shing Koo Lan, of Nos. 9 and 10, Mui Fong Street, and the appointment, as trustee of Wong Pui Tong, of No. 6, Mui Fong Street.

AGITATORS AND THE POOR MEN'S "RIGHTS."

A LITTLE QUESTION OF HAM AND EGGS.

LUNATICS FROM THE JOHN G. KERR HOSPITAL AT LARGE IN CANTON.

PORTUGUESE BOAT ATTACKED BY PIRATES.

OFFICIALS COURTEOUS AND OBLIGING.

All foreigners residing in the outlying districts of Kwangtung have been advised to come to Shamen or Hong Kong. It is advice given as a matter of precaution only. No official instructions have been issued.

The strike of boatmen at Amoy, declared on Saturday, has been settled. The men wanted an increase of 100 per cent. in wages. The various foreign nationalities concerned as employers have agreed to advance by fifty per cent. the wages of those men earning less than \$30 a month. Those earning more than \$30 a month have received an advance of thirty per cent.

The Postal strike in Fukien continues and in order to avoid delay it is recommended that letters for Amoy and other ports should be sent in the care of the captains of the coastal steamers.

[FROM A SHAMEN CORRESPONDENT.]

The members of the working class, under the guidance of the paid officials of the Labour Unions, seem to have completely lost all sense of proportion. They now swagger around and drop in at various business houses during office hours to see their friends. Then, of course, work ceases and there is a pleasant little conference. It does not seem to occur to anyone that the merchant, who is paying the wages, has any right to object. Several cases of this sort have been reported on Shamen. The head of one foreign firm surprised one of these social gatherings in full swing. Asking what it was all about he was blandly informed that a few friends had simply "dropped in to pay a visit." The comrade was called and these visitors were politely told that they must leave the premises. They went doubtless thinking that the "imperialist" was a very unreasonable fellow.

THE COOK'S POINT OF VIEW.

It is extraordinary difficult to understand the psychology of the members of these Chinese Unions. At a restaurant on Shamen recently the cook was found entertaining his friends in royal fashion. Ham and eggs and bacon and cheese were being served in generous proportions. Naturally the owner of the place became a little irritated but when he protested the cook wanted to know if he had no rights. Was he not to be allowed, he asked, to entertain his friends simply because he was a poor man. "Were such rights to be confined solely to the masters," As the Americans would say, "Can you beat it?" It was too much for the owner. He did not trouble to enter into a battle of dialectics with the cook. The visitors were scattered. The larder was securely locked and the "generous" host was told he might look for another job.

For the past two years I have moved freely around the City of Canton and I can honestly say that I have never seen a scowl or had an angry word from any of the merchants or shop-keepers or from any of the coolies regularly employed in the places of business where I have had any dealings. There is no animosity against the foreigner among the Chinese generally. Of that I am certain. It is the paid agitators who are the root of all the trouble. They are working up mischief for their own ends. The officials of the Government are courteous and obliging and the policy are anxious to prevent any outbreak of disorder.

Lunatics At Large.

The wicked interference of the Labour Unions with the John G. Kerr Hospital for the insane has led to a number of lunatics being

THE POLITICAL MUDDLE.

CHANGING SITUATION.

GENERAL LI TSAI HSIN'S ATTITUDE.

[FROM OUR CHINESE CORRESPONDENT.]

The present political muddle in Canton is too obscure for definite description; but there is an understanding that General Li Tsai Hsin, the General Officer Commanding the Troops in Canton, has declared his allegiance to General Chiang Kai Shek. It would, however, be unwise to accept without reserve the Press report that General Li has been advised to exert his full military strength to discipline the labour leaders of the "Red" wing in the Southern Capital. This may be a report issued simply to please the moderates. So far the leading recognized organs of the Kuomintang in Canton are hesitating to publish circulars ranging them on the side of the Nanchang or moderate section of the party against the "Reds" in Canton.

Friends of Mr. Sun Fo are trying now to explain that his present identification with the extremists is only temporary in order that he may maintain his official position. As soon as General Chiang expresses his willingness to retain Mr. Sun in office, it is said, Mr. Sun Fo will desert his "Red" comrades and join the moderate section.

Canton "Reds" deny that Mr. T. V. Soong, the Kuomintang Minister of Finance, has been forced by a certain group of politicians to leave Shanghai before he had an opportunity to start any work there. Mr. Soong, while in Shanghai, sojourning with friends inside the International Settlement only. According to reports reaching Canton, he was not invited to the Council meetings in the Chinese City.

The Kuomintang Administrative Council in Canton on April 1st issued an order cautioning the extremists in the City against unruly acts against foreign interests and advising them that no "anti-imperialist" parades should go near the Shamen Concession.

In view of the desire on the part of the extremists in Hankow to control all military organizations in the Territory under Kuomintang influence, General Li Tsai Hsin is now more desirous than ever to have local troops apart from the Nationalist Forces. It is understood that he is pushing forward his scheme to organize four divisions of provincial troops. He has not yet formally organized the local military department because the money required has not yet all been paid over; but in view of the changing situation he will inaugurate his new local office without awaiting for the full appropriation. A strong local force in the hands of moderates will mean much towards local peace, it is generally believed, and General Li is working towards this end.

FOREIGNERS NOT TO BE MOLESTED.

CANTON GOVERNMENT'S WARNING.

DETERMINATION TO REPRESS DISORDER.

Owing to consular anxiety regarding the safety of foreigners in the Canton district, following on the reports of disorders in Nanking and along the Yangtze Valley, the Executive Committee of the Provisional Government decided at a meeting held on Thursday to repeat the proclamation issued some time ago warning the people against molesting peaceful foreign nationals, or interfering with their residence or business, as the Government is determined to repress any disorderly attempts endangering the life and property of foreigners in this region. — Canton Gazette.

DEVELOPMENT OF WHAMPOA.

\$100,000 A MONTH FROM GOVERNMENT.

AMERICAN ENGINEER.

It was decided by the Canton branch of the Political Council, says the Canton Gazette, to grant \$100,000 monthly to the Whampoa Port Development Company, Ltd., for the opening of Whampoa Port. Accordingly, the Ministry of Finance has been instructed to turn over this amount to the Company every month. As soon as the American engineer arrives in Canton from New York work on the construction of the port will begin, it is reported.

NANKING REFUGEES.

PASSENGERS ON THE "MACEDONIA."

SOME PERSONAL OPINIONS.

EUROPEANS ESCAPE FROM SECOND-STORY WINDOW.

The P. & O. liner Macedonia, which sailed for London on Saturday, carried a number of people who were forced to flee for their lives in the recent outrages at Nanking. She also had on board many missionaries from various parts of China.

One passenger, who was returning to England, said he used to make regular journeys up and down the Yangtze between Shanghai and Hankow. As he came down to Shanghai for the last time, the boat on which he travelled was forced to run the gauntlet of rifle fire from Chinese on both banks. A number of the Chinese crew and one or two Chinese passengers were killed. He himself had escaped a bullet by a hair's breadth, and a fellow passenger was wounded in the leg. Most of the river boats are now accompanied by a military escort.

"Nanking ought to be blown to Hell," he said grimly. Another passenger, returning to England from Nanking, said that when he left the Cantonese were being executed on the Bund at the rate of 15 a day. The executions were public.

"During the reign of terror," he said, "soldiers rushed into European houses and seized everything of value. Women were told that if they did not surrender their rings their fingers would be cut off. One lady was held up at the point of a revolver for 90 minutes, while she sought everything of value that she possessed."

"Many people who had to flee for their lives considered themselves fortunate to escape with even a watch. Two days after I left a party of 15 Europeans had to be let down from a second story window from the end of a rope improvised from sheets tied together. They fled headlong, some of them only half dressed, to the Emerald, pursued by a Chinese mob."

Another passenger said he had heard that a British steamer, while far up the Yangtze, had been boarded by a large number of Chinese armed with bamboo poles. The crew were pursued all over the ship. One man—an Englishman—stood in a low doorway out of reach of the poles and managed to escape with a rolling pin. The vessel was later relieved by a gunboat.

"Shanghai seems to be as gay as ever," said a passenger who was returning to England on leave. "There are dances every night. Of course, the town is like a fortress—full of soldiers, sandbags, and barbed wire. When I left there were 43 warships in the river."

NEW MAYOR OF CANTON.

MR. SUN FO RESIGNS.

Mr. Lai Chiu Wan will be appointed Mayor of Canton City, according to a telegram from Minister Sun Fo who states that the Central Political Council at Whampoa has decided to resign the Canton branch of the Council to instruct the Provisional Government to appoint Mr. Lai to the post. Minister Sun Fo has resigned the mayoralty owing to his absence from Canton. — Canton Gazette.

CANTON-KOWLOON RAILWAY.

REDUCTION IN FARES.

Beginning on Friday, says the Canton Gazette, a reduction was made in passenger fares on the Canton-Kowloon Railway. It was decided by the authorities of the Railway that first class tickets from Canton to Kowloon should be sold at \$6 each, instead of \$7; 2nd-class at \$3, and 3rd-class tickets at \$1.50.

This is the first time in a generation that Shanghai has been governed by a body other than arbitrarily chosen representatives of military chieftains. The Commission has been approved by the Nationalist Government, according to statements here."

The nineteen Commissioners are as follows: General Pei Chung Hai, Sun Fo (Minister of Communications), Yang Koi Fu, Loo Yin Ung, Wang Chou Hua, Yu Ya Ching, General Shih Yueh, Wang Hsiao Lai, Ling Ky Uin, Ho Shao Yian, Tseng Yu Shao, Francis Zia, Wang Han Liang, Tai Pei Tze, Ho Lo Ting, Ting Hsiao Hsien, Li Wen Shao, Wang Tsing Shan and Koo Shun Chang."

BIAS BAY AGAIN.

WONDERFUL "OFFICIAL" REPORTS.

WHAT THE MAGISTRATE OF WAIYANG HAS TO SAY.

A TYPE OF PROPAGANDA BRITAIN HAS TO FACE.

[FROM OUR CHINESE CORRESPONDENT.]

According to official reports from the Magistrate of Waiyang, within whose jurisdiction Bias Bay lies, the British from Hong Kong in their punitive expedition on March 23rd, sent over to Bias Bay, five gunboats, two aeroplanes, more than 9,000 Marines, and about 15 Chinese constables. The British, according to the Magistrate, destroyed about 500 houses and killed a number of women, including one Lin Shee, who was burned to death. Two women committed suicide by hitting their heads on the rock after they had been made insane by the "atrocities" of the invaders. According to the Magistrate, two British gunboats, "loitered" around Bias Bay until the 28th.

LOCAL UNION CLOSED.

EARLY MORNING VISIT OF POLICE.

NO ONE ARRESTED OR DETAINED.

ABSURD AND EXAGGERATED REPORTS IN CANTON.

Under an order made by the Governor in Council following upon the regulations framed for the prevention of disorder, a local labour union has been closed.

The following notification appeared in the current Government Gazette:

"The K'ong Kung T'ung Hui (General Labour Association of Hong Kong), which also describes itself as The Federation of Chinese Labour Unions of Hong Kong, is hereby proscribed."

In order to enforce this order, a strong contingent of police officers from the Criminal Investigation Department raided the Union's premises in Des Vaux Road West at one o'clock on Saturday morning.

The Police entered the premises, removed the Guild sign and took possession of various documents belonging to the Guild. No person whatsoever was arrested or detained. All the people on the premises were allowed to go when the police entered. The police remain in possession of the building pending arrangements with the landlord.

These are the brief facts of the case but, as usual, absurd and fantastic reports of the occurrence have been circulated in Canton with reference to the occurrence.

The Kuomintang Workers' Delegate Conference which has been in session in Canton since April 1st became very indignant when they heard the news. Inflammatory speeches were made and there was a great deal of talk about attacks on the imperialists.

It was stated that a delegation of Hong Kong Chinese workers would go to Canton formally to complain to the Kuomintang Foreign Office about "the illegal suppression of labour unions."

There was a suggestion of another boycott but even some of the extremists admitted that the last one was a failure. They said the "imperialists" had never asked the strikers to return to work and as they themselves had ended the last boycott the starting of another "would not look good."

The Canton reports stated that in connection with the suppression of the General Labour Federation more than 20 members were taken into custody and that no bail was allowed them during investigation.

As shown above this is a deliberate lie. The cause of the suppression of the Union is attributed in Canton to the Federation leaders having issued a circular accusing the Hong Kong Authorities of forbidding speeches at the meeting in commemoration of the second anniversary of the death of Dr. Sun Yat Sen.

The General Labour Union which has been suppressed claims to represent nearly 140 Labour Union in Hong Kong including the Chinese Seamen's Union.

At noon on Friday an election was held to appoint a committee of twenty-one delegates from the various unions.

In the election, the Seamen's Union came an easy first with 88 votes. Among the unions nominated to serve on the committee (which can be said to be the equivalent of the highest authority in Hong Kong labour circles) were the market butchers, barbers, launch coxswains, employees of foreigners, tramwaymen, coal workers, coolie stevedores, printers and hospital employees. The Union of Women Workers (which includes amahs) tied for the last place.

HONG KONG, APRIL 4th, 1927.

T. V. SOONG AND U.S.A.

Mr. T. V. Soong has announced that, in his opinion, British methods in respect to China are similar to those pursued by us during the Great War in order to induce America to join hands with the Allies. Neither we ourselves nor the Americans are likely to seek enlightenment about the principles involved in the Great War, or the causes which caused America to take action, from a Chinese student who happened to be in U.S.A. during that period. We would turn rather to Dr. Paog's letters, if we wished to trace the gradual development of American policy. We would study the numerous incidents, by which Germany provoked the U.S.A. beyond endurance, and so caused her to range herself on the side of the democratic powers. It is a poor compliment to the acumen of such a distinguished thinker as President Wilson, not to mention his colleagues, to imagine that America could be induced by subtlety and deceit to throw herself heart and soul into the great struggle. The view is preposterous on the face of it.

The lesson that the Chinese, in general and Mr. T. V. Soong, in particular, might learn from that historical event, is that Germany's behaviour welded her opponents into a solid phalanx against her.

It is precisely this course which China is pursuing to-day. She has flouted the foreign powers again and again; she has goaded her mobs to such extent that foreign civilised people are no longer safe within her territories. She has encouraged murder and pillage along the valley of the Yangtze, although no state of war exists. Incident has followed incident to make the position of foreign subjects intolerable. She openly struts arm in arm with Russia, well knowing that by so doing, she is allying herself with a power; that is relentlessly pursuing a policy, which has for its object the undermining of the stability of all Western countries including the United States of America. Such an alliance, in itself, is sufficient to align all the self-respecting nations against China, for naturally the suspicion is created that China seeks to achieve the same end as her co-helper. What otherwise would be the object in clinging so closely to the skirts of Russia?

From the foreigners' point of view the most amazing thing is that China seems to have departed from her age long policy of playing off one strong power against another and by indiscriminate insult and outrage has made united action among the powers not only a possibility but a probability. The returned student is evidently not such an astute diplomat or politician as his predecessors, or he would have foreseen firstly, that the sinister Soviet influence—if not actual control—would alienate foreign sympathy, secondly, that the organised outrages on foreigners would consolidate opposition, and, thirdly, that the increase of Nationalist power and its claim to be a Centralised Government would involve that responsibility which is now being fixed upon it for the recent excesses. Formerly there was no very tangible body to which the Powers could address their demands. Now there is an organisation which claims prestige for its control of China south of the Yangtze. It has overcome internal opposition and says it has successfully established itself as a Government. But a Government has international functions to discharge as well as national, and it is in this direction that the Nationalist Government will soon be put to the test. So far it has given no evidence of its ability to adhere to the principles which are observed by all nations in their dealings with one another. On the contrary it acts as though such principles did not exist. No Government can adopt such an attitude without being sooner or later called to account, and if, when the testing time comes, the Nationalist Government fails to establish its position internationally it will inevitably cease to function as a Government at all.

We are not yet informed by the nature of the demands to be imposed, but it is evident that China is quite impotent to resist by force. The Nationalist Government has to learn the lesson that power cannot be dissociated from responsibility. By ignoring this fact the Chinese Nationalists have precipitated a new crisis in which America must take her part. We know little of Mr. T. V. Soong's reputation as a University student but if he imagines that the United States is simply moving in this matter as the result of the "malign influence" of Great Britain he is certainly an exceedingly poor student of world affairs.

"WOW!" WAILED THE DOG.

According to one of the Sunday papers the attendance at a West Ham football match on February 19th was 18,000, while the attendance at the West Ham Labour Party's "Hands Off China" conference on the same date numbered 23 persons and a dog! Hundreds of invitations had been issued, and one can understand the absence of enthusiasm and sympathise with the disappointment of the dog. The gathering, typical of others that sent windy resolutions to Mr. Chen, listened to a long historical review of Chinese affairs. "Wow," wailed the dog wearily, "a wasted evening. A goodnight to the presence of British troops at Shanghai, and are shouting the slogan 'Hands Off China,' interpret it as a demand to interfere in the Chinese melee by recognising Mr. Chen and refusing to recognise anybody else, which causes a writer to remark:—

"I have not the smallest doubt that if the British Government placed the British forces at Shanghai at the disposal of the Cantonese people who are now yelling 'Hands Off China' would be only too delighted."

It is amusing to note that while there has been no change whatever in the policy pursued by the Government from the beginning, Mr. Ramsay MacDonald is now taking credit for the Labour Party on having "made a fine show on China" and "performed a great national service."

SIR ROBERT HO TUNG'S SOLDIER SON.

Under the heading "A Military Paradox," a writer in the *Weekly Dispatch* refers to a Chinese officer now who is universally liked. He is the young soldier son of Sir Robert Ho Tung, of Hong Kong. He was at Woolwich, and is now attached to an English regiment. When he gets leave he comes to town says the writer of the note and a party in his honour was being arranged.

ANOTHER BRIGADE COMING.

RE-INFORCEMENTS FOR SHANGHAI DEFENCE FORCE.

DEMANDS TO BE PRESENTED.

BLOCKADE OF SOUTH COAST AND YANGTZE POSSIBLE.

DISTURBING REPORTS REACHING WASHINGTON.

Great Britain is to increase the Shanghai Defence Force by another Brigade of Infantry. It is pointed out that when demands for reparation for the Nanking outrages are made it will be necessary to have an adequate force to support any threat of action. It is not anticipated that the demands will be refused but it is considered expedient to take precautionary measures.

Disturbing reports are reaching Washington that funds are being sent from Canton and Moscow to agents in Tientsin and Peking with the object of promoting anti-foreign disturbances preparatory to a Nationalist drive on the capital. It is thought that there will be considerable danger to Americans in North China.

It is suggested that if the Cantonese do not agree to the demands made regarding Nanking a blockade of the South Coast of China and of the Yangtze is more likely than any actual warlike act.

THE NEW BRIGADE. BLOCKADE POSSIBLE.

BATTALIONS SELECTED.

REASON FOR THE REINFORCEMENT.

[THROUGH REUTER'S AGENCY.]

LONDON, April 3rd. The Government has decided to reinforce the Shanghai Defence Force by a Brigade of Infantry and an auxiliary unit. The infantry battalions selected are a Guards Battalion, the First Battalion, Queen's Royal Regiment, First Battalion Northampton, Second Battalion Welsh Regiment. The units will be brought up to strength by incorporation, where necessary, of men from Section A of the Army Reserve.

LATER.

The Second Battalion Scots Guards are proceeding to China.

LONDON, April 3rd. The Government's decision to reinforce the Shanghai Defence Force was not unexpected. It is learned that the Government's military advisers pointed out that it was essential when demands for reparation for the Nanking outrages were made that there should be a strong adequate force on the spot to back up threats of possible action.

It was urged that the troops in Shanghai cannot be withdrawn for duty elsewhere and that they are not too numerous for their present policing task.

While America and Japan have already decided to despatch reinforcements of Marines and blue-jackets, the sending of more British troops does not mean that the Powers anticipate a refusal of their demand for redress, but it is regarded as a timely measure of precaution against possible emergencies.

AMERICANS IN DANGER.

WASHINGTON RUMOURS.

FUNDS FROM MOSCOW AND CANTON.

[THROUGH AMERICAN SERVICE.]

WASHINGTON, April 3rd. Although the mobilisation of additional Marines for the possible dispatch to China is represented here as purely precautionary, it is strongly rumoured that new disturbing reports have reached Washington with regard to the possible extension of danger to Americans in North China and to the alleged sending of funds from Canton and Moscow to agents in Tientsin and Peking with the object of promoting disturbances with a view to preparing for a Nationalist drive to Peking.

Well informed circles emphasise the view that next year's Presidential election is placing Mr. Coolidge on the horns of a dilemma with regard to China. He is finding difficulty in following a policy which while ensuring adequate protection for Americans in China and maintaining American prestige, will not place a powerful weapon in the hands of his political opponents.

Therefore while in practice America may act with other countries with regard to China, Washington will make it clear that it reserves the right to take any independent course if any deem advisable.

CHINESE REPORTS.

UNIONS AND CHIANG KAI SHEK.

POSTAL STRIKE IN FUKIEN.

[CHINESE PRESS SERVICE.]

SHANGHAI, April 3rd. By order of General Pei Ching Hsi, General Liu Chi has disarmed about one division of irregular troops and has also arrested 500 of them at Chapei.

Marshal Sun Chuan Fang has telegraphically reported to Marshal Chang Tso Lin that the advance of the Southerners to the North of Anhui is imminent and has requested Marshal Chang to send ammunition for the coming battle. Marshal Sun himself is now at Hsiao-chang in the North of Kiangsu.

All labour unions in Chekiang and Kiangsu are apparently inspired by "Red" influence to agitate against General Chiang Kai Shek and armed clashes between labour pickets and General Chiang's troops are continually reported. On March 1st the private residence of Lui Chi, General Chiang Kai Shek's general commanding the 2nd division, was raided by a number of labour pickets belonging to the Shanghai General Labour Union, and General Lui's wife and a household servant were arrested by them but were released the next day. The Kuomintang military headquarters at Hangchow have ordered the disarmament of all pickets.

On April 2nd the Chinese staffs of all post offices in Fukien went on strike.

THE NORTHWARD THRUST.

SOUTHERN SUCCESS.

PRESENT MILITARY POSITION.

[THROUGH REUTER'S AGENCY.]

SHANGHAI, April 3rd. The occupation of Pengpu, the main Shantung concentration camp on the Tientsin-Pukow railway, is officially confirmed.

In addition to advancing up the railway from Nanking the Southerners are thrusting northward from two other points, namely, from Nanking up the chain of lakes leading along the Grand Canal to Kaoychow and from which objectives are believed to have been reached.

The Grand Canal expedition is being reinforced by detachments from Ningpo.

[CHINESE PRESS SERVICE.]

SHANGHAI, April 3rd. General Chang Tsung Chang has ordered the concentration of all Shantung troops at Hsiao-chang in preparation for a severe and decisive battle with the Southerners. He has warned all foreign residents at Hsiao-chang to evacuate immediately for other and safer places.

Both the "Tiji" and the "Nichi Nichi" express this view in the strongest terms, though "Chugai Kokumin" is now urging military action lest there be a repetition of the Nanking affair.

[THROUGH REUTER'S AGENCY.]

SHANGHAI, April 2nd. Though the conservative elements are becoming more opposed to the Government's pacific attitude towards China, the more influential of the Tokyo vernacular papers continue to urge calmness, emphasising that the despatch of troops would arouse anti-Japanese feeling in China, resulting in incalculable damage to Japan's commercial interests.

Both the "Tiji" and the "Nichi Nichi" express this view in the strongest terms, though "Chugai Kokumin" is now urging military action lest there be a repetition of the Nanking affair.

[THROUGH REUTER'S AGENCY.]

SHANGHAI, April 2nd. With Shanghai and Nanking safely in Southern hands, the Nationalist flag is now being carried steadily Northward towards the Yellow River.

The Southern vanguard has already reached Fengyang, only twenty-five miles from the main Shantung concentration camp at Pengpu, up the Tientsin-Pukow line, while Nationalist guerrillas are believed to have penetrated beyond Pengpu itself.

Foreign military experts do not expect that the Southern advance will meet with serious opposition this side of Hsiao-chow-fu which, as the junction of the Tientsin-Pukow and Lunghai Railways, is a point of such tremendous strategic importance that Chang Tso Lin is bound at all costs to defend it or forfeit his dominant position in North China.

The fact that nearly half the Northern forces are digging in at Hsiao-chow-fu suggests that if the present struggle is ever going to reach a point of real trial of military strength, the first decisive battle in the campaign will probably be fought in this area.

[REUTER'S AMERICAN SERVICE.]

SHANGHAI, April 3rd. Despatches from Peking emphasise the growing uneasiness of Chinese and foreigners alike in North China owing to the danger of the Southerners' rumpling up before the triumphant Nationalist advance, leaving a legacy of chaos behind them.

Current rumour that a section of Chang Tso Lin's forces have formed a secret alliance with the South and are planning to turn over when the psychological moment arrives has added to the general anxiety.

Many wealthy Chinese are stated to be preparing to run for cover—presumably the International Settlement at Shanghai or Japan—while Commanders of the Foreign Garrison at Peking and Tientsin are conferring on the subject of concerted measures for the protection of foreign residents in these areas and for the maintenance of communications.

[THROUGH REUTER'S AGENCY.]

SHANGHAI, April 3rd. In a wireless message from Hangchow Mr. Eugene Chen stated on March 31st: "The Commission of Enquiry investigating the late events at Nanking have sent in a preliminary report establishing the outstanding fact that the disorders there were the work of reactionary and counter-revolutionary elements who, during the confused conditions following the defeat of the Northern rebels and their White Russian mercenaries, instigated the rebel remnants (many of whom wore uniforms taken from Nationalists)

FRENCH SHANGHAI CONCESSION.

INADEQUATELY DEFENDED.

LONDON COMMENT.

[THROUGH REUTER'S AGENCY.]

LONDON, April 2nd. "We hope our friends in France will not accuse us of any unfriendly intention if we bring again to their notice the extraordinary reports regarding the state of their defence in Shanghai," says the *Morning Post*, in pointing out that the French Concession is evidently poorly defended both as regards men and fortifications.

"There is a slackening in arrangements which in nowise corresponds with the vigilance required in such a dangerous situation," states the *Morning Post* which opines that the French can hardly be immune from ultimate or immediate danger. Their interest in honour and also the safety of their local nationals all depend on co-operation in the work of defence.

French Policy Again Announced.

Paris, April 2nd. French policy in China was one of watchfulness, declared M. Briand in a statement to the Foreign Affairs Committee of the Chamber he remarked that France's position in China was excellent "because France had taken no side in the struggle between the North-erners and the Southerners."

He added that the French portion of the Concessions had been put into an efficient state of defence and every precaution was being taken for achieving unity of action in case of necessity among European forces in the Shanghai Concessions.

Powers Discussing Nanking.

LONDON, April 1st. It is understood that as a result of discussions between the British, American and Japanese Ministers in Peking recommendations have been made to their respective Governments with regard to the action to be taken to exact return from the Cantonese for the Nanking outrages.

LONDON, Washington and Tokyo are now actively exchanging views and a very early decision is expected. It is impossible at present to forecast what the decision will be, but there will most certainly be no attempt to carry out any reprisals without first formulating definite demands.

It is felt that the Nanking outrages must be considered quite apart from the question of the future policy towards China.

[THROUGH REUTER'S AGENCY.]

Japan's Policy.

Tokyo, April 2nd. Though the conservative elements are becoming more opposed to the Government's pacific attitude towards China, the more influential of the Tokyo vernacular papers continue to urge calmness, emphasising that the despatch of troops would arouse anti-Japanese feeling in China, resulting in incalculable damage to Japan's commercial interests.

[NAVAL WIRELESS REPORTS.]

BLAME FOR NANKING.

What The Nationalists Say.

HANKING, April 1st. The Nationalist News Agency says that the Nationalist Government will soon issue a statement regarding the Nanking incident "based on the findings of the rigid official enquiry now being conducted at Nanking."

It declares "that the military officials at Nanking report that the disorders of March 24th were caused by the remnants of the defeated Northerners and by the White Russian mercenaries in Marshal Chang Tsung Chang's army who instigated the attacks on foreign Consulates in order to involve the Nationalist forces with the Powers."

The report goes on to say that in responsible Nationalist circles the evacuation by the Americans from the Yangtze region and elsewhere in China is regarded as a measure dictated by panic and not by statesmanship."

Foreign Buildings Used As Barracks.

SHANGHAI, April 2nd. A wireless message from Nanking dated Friday says that most of the foreign buildings are now being used as barracks for Nationalist troops. Hitherto no soldiers have been punished, though some civilian looters have been executed.

There is now more or less quiet, but there is great administrative confusion.

His Majesty's *Emerald* is still being fired on from the shore by snipers, necessitating special bullet-proof shields.

Anti-British Activity at Nanking.

NANKING, March 31st. There is an increase in the arrogance and truculence on the part of the Nationalists towards foreigners.

A Chinese messenger, who was sent to the International Export Company's building, was beaten up and sent back with the message that anybody working for the British who attempted to land would be stopped.

The International Export Company's building is now completely looted.

[BRITISH WIRELESS SERVICE.]

An Official Report.

LONDON, April 1st. Diplomatic representatives at Hankow yesterday communicated to Mr. Eugene Chen the officially compiled facts regarding the Nanking outrages.

The first report from Mr. Wallis, Vice-Consul, who is investigating the Nanking situation entirely confirms the testimony of previous witnesses.

It is now confirmed that the American Consulate at Nanking was gutted this week by Chinese soldiers, despite a police guard placed on the building. During the looting on March 24th the Southern Nationalist soldiers hauled down the United States flag from over the Consulate, tore it in pieces and cut the ropes. Foreigners' houses in Nanking have undergone unrestrained looting.

CRICKET.

UNIVERSITY 2ND BEAT POLICE.

CHANGES IN TABLES.

MITCHELL SCORES CENTURY.

Although the "championships" in both divisions have already been decided, competition in the League continues to be keen and the results of Saturday's games have affected the positions in the Tables.

By defeating the Royal Artillery in the first division the Indian Recreation Club now stands level with Civil Service in the third place. They have one match more in hand and a win would place them equal runners-up with the Royal Navy, but as they are playing the Hong Kong Cricket Club this is not expected.

The University on their own ground displaced the Police from the runners-up position in the second division. Both teams were playing their last match. R.A.O.C. have jumped to fourth position by beating Kowloon.

For the first time this season, bowlers secured the upperhand and of the three matches played, only the Indians made a good score. A. H. Madar, a change bowler, took 2 wickets for 5 runs in the first division, and there were several good performances in the second division. Sudan, the University captain, taking 6 wickets for 15 runs. Pte. Lake, of the R.A.O.C., also did well. S. A. Ismail (H.C.C.) was top scorer of the day with 88 runs.

In an interesting friendly match between the Volunteers and the Civil Service Cricket Club, Mitchell (Volunteers) scored 100 not out. His side won by a big margin. In an inter-Hong match Tai-koo beat Wayfoong.

The scores of the different matches follow:—

LOCAL FOOTBALL.

K.O.S.B.'S FINE RECORD.

REGT. SUCCESSFUL IN BOTH SHIELD FINALS.

DIVISION "A" RUNNERS-UP.

In spite of many counter attractions there was a large following of football enthusiasts at the final struggle for the Challenge Shields on Saturday.

Kowloon (holders) had established a record, by qualifying for the fifth year in succession for the senior shield finals. The K.O.S.B.s rose to the occasion and after their Reserves had annexed the Junior shield, the first team of the Borderers wrested the championship from Kowloon, after one of the most sporting games ever seen in the Colony. As Mr. J. Ormiston said in addressing the gathering at the presentation, it was unique in the history of local football for any Club, Ship, or Regiment to win the two shields in one season.

The games were well contested throughout, considering the heat and on the general play in both games, the better team won.

The following are the results of games played on Saturday:—

SENIOR SHIELD.

K.O.S.B.'S v. Kowloon.

This game was played on the H.K.F.A. ground before a good attendance. The teams lined out as under:—

Kowloon: Durand; Earle and Cavell; Hedley, Simms (Captain) and Baldwin; Hayes, May, Orr, Tiernan and Muir.

K.O.S.B.s: Anderson; Gardner and Martin; Everest, Davey and Campbell; Twynholm, Stock, Humphreys, McGlinchey and Rev. Alexander (Captain).

Referee: Capt. Austin, R.A. M.C. M.M. Linesmen: Messrs. Lamb and Lonsdale.

Kowloon had the better of the opening exchanges and several chances were thrown away through erratic shooting.

The K.O.S.B.s backs opened shakily but improved as the game proceeded. Simms kept a close watch on McGlinchey and these two had many an exciting tussle in midfield.

The Rev. Alexander played a forward game and was always in position when the ball came his way.

Twynholm and Stock played a fine combination game on the right and Cavell was kept busy for having to cross over occasionally to assist Earle.

The game was very fast and even, although had Kowloon accepted the chances offered in the opening minutes they would have been in front at the interval. Half-time no score.

The game resumed with the teams having men off the field and with the Borderers wing halves absent. Tiernan made a dash for the goal and with a good opening, shot hard at Anderson instead of turning the ball aside.

With the teams again at full strength, the K.O.S.B.s pressed and Durand was penalised for over-carrying, with the result that the Borderers opened the score.

Kowloon at once went out to wipe off the difficult Muir and Hayes sent in but Anderson was safe.

A breakaway by the K.O.S.B.s settled matters for a clever movement initiated by Humphreys gave Stock a fine opening and he beat Durand with a fast cross shot.

This reverse took the Kowloon team off their feet for a time and the K.O.S.B.s attacked strongly.

SPORTS MEETING OF
KOWLOON.

CENTRAL BRITISH SCHOOL.

There was keen competition in the annual sports of the Central British School, held at King's Park, Kowloon, on Saturday.

The Hon. Mr. T. W. Southern (Colonial Secretary) and Mrs. Southern attended together with a large assembly of parents.

At the close of the meeting the Willie Inter-House Sports Cup was presented by Mrs. Southern to Red House, which won an overwhelming victory over the rival Blue House.

Individual prizes were not given at this meeting, but the successful competitors earned the right to wear small silver pendants until the next meeting when they will have to be returned to the school authorities to be competed for again.

Of the 150 boy and girl students of the school, 150 took part in the meeting and were divided into two "houses," the idea being to discourage "pet hounding" on the part of the students and to instill into them the "team work" spirit. The method of scoring for the Inter-House Championship is three points for a win, two for second, and one for third place.

Most of the events were divided into senior and junior classes, the winners and "placed" competitors in both classes scoring points for their respective houses.

Only three events did not count points towards the Championship, these being the Sack Race, Obstacle Race and Three Legged Egg and Spoon Race.

In the last named event the competitors run half the distance in "three legged" pairs and then pick up the eggs and spoons and scurry home.

WEEK-END FREIGHT RETURNS.

LOCAL IMPORTS NORMAL:
THROUGH CARGOES
HEAVY.

BRITISH ENTRIES BEST.

Exceptionally heavy freights were registered for ports beyond Hong Kong during the week-end, while inward cargoes were normal. British vessels were the best carriers and of the 36 arrivals, 19 were British.

Saturday's Returns.

In addition to general merchandise, there were also 7,822 tons of coal and 8,097 tons of rice discharged here. This brings the total of freights entering the Colony on Saturday up to 19,760 tons.

Through freights were manifested on three steamers. The total was 3,321 tons. Of these, 1,034 tons were carried on two British vessels. The best return was registered by the *Awa Maru* from Bombay and Singapore which carried 4,237 tons.

British steamers were the best contributors. Inward cargoes amounted to 25,427 tons, of which, 22,347 tons were unloaded from 15 British vessels.

WATERFRONT NEWS.

STRANDED CREW RESCUED.

CHINESE PASSENGERS' TRAFFIC.

[BY LONGSHOREMAN.]

There was much "hustle and bustle" during the week-end along the waterfront owing to an unusual large number of Chinese passengers entering the Colony. From 15 vessels, there were 4,016 men, women and children, many of whom had to seek lodging at the Chinese hotels in Connaught Road Central. These new-comers were mostly from Foochow and Swatow, though quite a number had arrived from Shanghai.

(Continued on next column.)

S.S. *Haimun* (Chinese) from Kwang Chow Wan, 600 tons general for Hong Kong.

(Continued on next column.)

The "Tai Tak's" Crew.

Stranded on Koolan Island since January 7th, the crew of the *a.s. Tai Tak* was picked up by the Chinese steamer *Poo Tye* on Friday last, and arrived here on Saturday morning.

It appears that when the *Poo Tye* was passing Nangai, the distressed mariners signalled to her and she brought off three Portuguese and eighteen Chinese, all looking very haggard and unkempt.

The *a.s. Tilawa* arriving here on Saturday, reports the death of a Chinese passenger from heart failure while the steamer was at sea. The deceased was buried at sea.

The *a.s. Bennuech* (British) arriving here yesterday from London and Singapore brought 306 tons of explosives for Hong Kong. The *Clydebank* from Philadelphia and Hochoh discharged 25,000 cases of gasoline for local consumption.

"Contrary To Regulations."

For violating the regulations of the Harbour, three persons were brought before Lt. Comdr. G. F. Hole, at the Marine Court on Saturday.

The master of the steam launch *Kingpang* was charged with failing to renew his licence, and also for not having the annual survey made of his craft. He was fined \$15 and \$25 respectively.

The owner of the steam launch *Otto* was fined \$25 for not exhibiting regulation lights while underway.

Dredging in the Naval Anchorage without permission is becoming a common offence, and must be a profitable one as well, for in spite of fines, owners of junk persist in doing so.

A fishing boat master was fined \$10 for this offence with the alternative of ten days' hard labour.
